

# Adieu

## Synopsis

**Adieu** follows the journey of Anja, a talented violinist in Switzerland entangled in the ruthless world of the orchestra, whose life is rocked one morning by the sudden news of her sister Liane's suicide. The aftermath exposes the dysfunctional dynamics in her family and leaves Anja desperately seeking answers to make sense of her sister's death. In her pursuit of the truth, Anja is torn between two worlds: her own disciplined world of classical orchestra and Liane's tantalizing world of expressive heavy metal music. The girls' father Jürgen, also devastated by the loss of Liane, yearns to restore his broken relationship with his remaining daughter. The two, along with Anja's self-absorbed mother and an insightful, empathetic friend, are forced to grapple with the truth of their shortcomings in the revelation of dark family secrets, causing Anja to question her sanity in the effort to survive in life's new normal.
